Found by His Son.

Whayne's body was found by his son in Jacob's lane about one hundred yards from his home. There was a great wound in the breast.

The body was on one side of a wire fence and a shotgun on the other. The man's friends believe the weapon was accidentally discharged while Mr. Whayne was getting through the fence. The fact that the body was two feet outside the fence while the gun was four feet from the fence is unexplained, however, and some think this circumstance

points to suicide. Whayne's policies were distributed as ollows: Equitable Life Assurance Socity of New York, \$200,000, in four pollles of \$50,000 each; Provident Saving Life Assurance Society of New York \$120,000, in two policies of \$60,000 each Union Central Life, \$10,000; New York life, \$5,000; Northwestern Mutual Life

Mr. Whayne had applied for a policy of \$25,000 with the Manhattan Company, and it was to be issued Dec. 22. Another being hurried to St. Barnabas's Hospital.

Few People Realize the Importance of Good Digestion Until It Is Lost.

Many people suffer from dyspepsia and do not know it. They feel mean, out of sorts, peevish, do not sleep well, do not have a nation and energy for physical or mental work they once had, but at the same time do not feel any particular pain or distress in the stomach. Yet all this is the result of poor digestion, an insidious form of Dyspepsla which can only be cured by a remedy specially intended to CURE it and make the digestive organs act naturally and properly digest the food eaten.
